

SIT STAY ... PET HOTEL HOLLYWOOD

Believe it or not the pet industry in Los Angeles is second only to entertainment industry in size. This should not come to you as a surprise after the **photo of the mobile grooming salon I took this week.**

Located at the corner of Santa Monica and N Highland Avenue **D Pet Hotels Hollywood** is a luxury resort & spa for the **Distinguished/Dod.**

Whatever you can imagine, they can do it for your pet, picking up your love one in a Lamborghini to bring it to the photo-studio for a session with a world renown *furtographer*. Indoor dog parks, competition agility equipment and state-of-the-art custom doggie treadmills to keep him in shape while you're shopping in Paris, spa and grooming services to keep it fresh and for the overnight guests Uber Suites with real size beds scented candles and plasma tv! So Hollywood.
